

PROMOTIONAL EXHIBITORS

To prevent restrictions to pedestrian traffic and ensure emergency vehicle access, all exhibitors must confine their activities to their designated area. Non-exhibitors will not be permitted to solicit business within the fairgrounds. Individuals and organizations who wish to participate in the Hamilton County Fair for public demonstration or active promotion shall utilize the area designated for Promotional Exhibitors. Inasmuch as the County Fair does not charge rental fees for participation as a Promotional Exhibitor, it will be entirely up to the registered participants to set-up, organize, and operate within the parameters outlined below.

1. Literature, brochures, or other handouts must remain within the designated area only.
2. Amplified sound that may disturb other exhibitors or attendees will not be permitted.
3. All Promotional Exhibitors are required to maintain a proper behavior that will coincide with the family atmosphere of the County Fair.
4. All Promotional Exhibitors are required to furnish any and all materials for their display; i.e. tables, chairs, tents, etc.
5. All Promotional Exhibitors are required to provide their own protection in case of inclement weather. The County Fair is not responsible for any damage to Exhibitors or participants' materials.
6. Water and electricity are not available in this area; no other provisions will be made or are implied.
